See below for important information about use in children.

**Drug Facts**

**Active Ingredient (in each spray)**
Fluticasone propionate (glucocorticoid) 50 mcg

**Purpose**
Allergy symptom reliever

**Uses**
Temporarily relieves these symptoms of hay fever or other upper respiratory allergies:
- nasal congestion
- runny nose
- sneezing
- itchy nose
- itchy, watery eyes

**Warnings**
Only for use in the nose. Do not spray into your eyes or mouth.

Do not use
- in children under 4 years of age
- to treat asthma
- if you have an injury or surgery to your nose that is not fully healed
- if you have ever had an allergic reaction to this product or any of the ingredients

**Ask a doctor or pharmacist before use if you have or have had glaucoma or cataracts**

**Ask a doctor or pharmacist before use if you are taking**
- medicine for HIV infection (such as ritonavir)
- a steroid medicine for asthma, allergies or skin rash
- ketoconazole pills (medicine for fungal infection)

**When using this product**
- the growth rate of some children may be slower
- stinging or sneezing may occur for a few seconds right after use
- do not share this bottle with anyone else as this may spread germs
- remember to tell your doctor about all the medicines you take, including this one

**Stop use and ask a doctor if**
- you have, or come into contact with someone who has, chicken pox, measles or tuberculosis
- your symptoms do not get better within 7 days of starting use or you get new symptoms such as severe facial pain or thick nasal discharge. You may have something more than allergies, such as an infection.
- you get a constant whistling sound from your nose. This may be a sign of damage inside your nose.
- you get an allergic reaction to this product. Seek medical help right away.
- you get new changes to your vision that develop after starting this product
- you have severe or frequent nosebleeds

**If pregnant or breast-feeding, ask a health professional before use.**

**Drug Facts (continued)**

**Keep out of reach of children.** In case of overdose, get medical help or contact a Poison Control Center right away.

**Directions**
- read the Quick Start Guide for how to:
  - prime the bottle
  - use the spray
  - clean the spray nozzle
  - shake gently before each use
- use this product only once a day
- do not use more than directed

**ADULTS AND CHILDREN 12 YEARS OF AGE AND OLDER**
- Week 1 – use 2 sprays in each nostril once daily
- Week 2 through 6 months – use 1 or 2 sprays in each nostril once daily, as needed to treat your symptoms
- After 6 months of daily use – ask your doctor if you can keep using

**CHILDREN 4 TO 11 YEARS OF AGE**
- the growth rate of some children may be slower while using this product. **Children should use for the shortest amount of time necessary to achieve symptom relief.** Talk to your child’s doctor if your child needs to use the spray for longer than two months a year.
- an adult should supervise use
- use 1 spray in each nostril once daily

**CHILDREN UNDER 4 YEARS OF AGE**
- do not use

**Other information**
- you may start to feel relief the first day and full effect after several days of regular, once-a-day use
- store between 4°C and 30°C (39°F and 86°F)
- keep this label and enclosed materials. They contain important additional information.

**Inactive ingredients**
benzalkonium chloride, dextrose, microcrystalline cellulose, phenylethyl alcohol, polysorbate 80, purified water, sodium carboxymethylcellulose
